

A Call for Questions...

The Aromatherapy Registration Council (ARC) invites registered aromatherapists to submit questions for future ARC Registration Examinations in Aromatherapy.

ARC is continually in need of new test questions to update its test pool. Questions should reflect current aromatherapy practice and be based on research validated knowledge and skills. ARC is particularly seeking high quality test questions in the Professional Issues section of the content outline:

- IV. Professional Issues
 - A. Documentation
 - 1. Consent Forms
 - 2. Client Records
 - 3. Other
 - B. Referrals
 - C. Follow-up
 - D. Quality Control
 - 1. Standards
 - 2. Purity
 - 3. Adulteration
 - 4. Testing
 - E. Compliance
 - 1. Local/State/Province/Federal Regulations
 - 2. Labeling
 - F. Ethical Concerns

Please consider submitting test questions. It provides you with a chance to add value to the ARC Registration Examination in Aromatherapy! Additionally, the submission of 10 test questions counts as 5 contact hours of continuing education towards reregistration. Submit your test questions today!

*Refer to the Content Outline in the ARC Handbook for Candidates (available at www.ptcny.com/clients/arc/) for a more comprehensive body of knowledge.

Please write multiple-choice test items so that there is a question, one correct answer, and 3 wrong answers. Also consider the following tips on writing effective items:

- Do not use "all of the above" or "none of the above"
- A good stem is stated positively rather than negatively (i.e., "Which of the following is a..." rather than "Which of the following is NOT a...")
- Do not submit fill in the blank or matching questions
- Place an * before the correct answer
- Cite a reference for your question

Test questions should be identified as for the ARC examination and may be submitted by any of the following means:

Mail: ARC Registration Examination, Professional Testing Corporation
1350 Broadway, Suite 1705
New York, NY 10018
E-mail: ptcny@ptcny.com
Fax: (212) 356-0678

For further information on writing test questions, or for an Item Developers Guide, please call (212) 356-0683.

REMINDER:

A condition of eligibility for and continued registration as a Registered Aromatherapist is compliance with the ARC Disciplinary Policy. To review the full Policy, visit www.aromatherapycouncil.org/arcnew.html

AIA conference coming up in the Fall in Denver

All ARC registered aromatherapists are cordially invited to attend the International Conference of Clinical Aromatherapy sponsored by the Alliance of International Aromatherapists to be held in Denver, Colorado, October 18-21st, 2007. Our theme is "Celebrating the Past, Creating the Future of Clinical Aromatherapy". An international gathering of speakers includes Robert Tisserand, Dr. Daniel Penoel, Jennifer Jeffries, Elizabeth Kahn and others. There will be a panel discussion on pediatric aromatherapy and options to attend a post conference workshop. AIA will honor Robert Tisserand with a Lifetime Achievement Award during the conference. Detailed information is available on the AIA website at www.alliance-aromatherapists.org and directly from the home office at 303-531-6377.

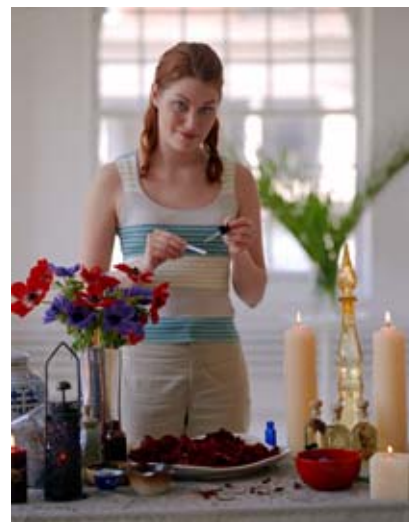

Registration Reminder

ARC Registration is valid for 5 years. To maintain your registration status, you must reregister by applying for and passing the ARC Registration Examination in Aromatherapy or by completing 100 contact hours of continuing education. Don't wait until your registration is about to expire! Plan ahead and obtain some continuing education hours each year. For more detailed information on registration, visit www.ptcny.com.clients/arc/

Registered Aromatherapists Spotlight

RAs: Would you like to be profiled in an upcoming edition of the ARC Newsletter? Send a photo and let us know what you are doing with your Aroma career!
